

## The Energetics of Intimacy and Attachment

Exploring the subtleties of the body in relationship

### Part 2 of the Full Embodiment Method

*With Tom Callanan and Ariel Giarretto*

*Workshop in Naxos Greece, October 11-16, 2018*

A six days combination of vacation, adventure and a novel approach to explore the dynamics of attachment and intimacy in this incredible six-day interactive workshop, which includes one day of excursion/ leisure. It builds on the workshop from last year and is easy accessible for new participants, making your journey to Greece a truly transformative experience

**This workshop examines:** “What happens in myself, my body, and my being in relation to others?”

The workshop focuses on connection to self and the body, while being in proximity with others. You do not need to be in couple relationship to get great benefit from this program. Nor does your partner need to be present.

We help you experience the subtle and not-so-obvious ways that you engage intimately, and how to open to new and yet-to-be explored possibilities of joy and pleasure. The goal is clearer boundaries and greater freedom to explore your sexy self playfully in new and different ways, without shame.

#### After the week participants will:

- Come away with a clearer understanding of the subtle levels of relating that occur under conscious awareness
- Recognize, and reduce triggers, enabling genuine wants and needs to emerge.....and learn to communicate these effectively
- Learn tools for staying present and embodied
- Identify deep desires and yearnings, and notice what gets in the way of opening to them
- Learn the basics of the anatomy and physiology of sexual response
- Explore the basics of erotic and sensual touch for both women and men (fully clothed)
- Plus many more!

#### The workshop is open to:

- Individuals, either coupled or not, and actively sexual or not who want to improve their physical, emotional and sexual intimacy
- Couples wanting to explore new depths of intimacy with each other
- Singles who are hoping to find satisfying relationships
- Therapists who work with any of the above
